

Docket No.: 0973/1B889-US3

DECLARATION AND POWER OF ATTORNEY
(Continuation-In-Part Application)

As below named Inventors, we declare that:

1. The information given herein is true, and we believe that we are the original, first and sole inventor (if only one name is listed below), or joint inventors (if plural inventors are named below), of the invention entitled:

**SYSTEM AND METHOD FOR PROGRAMMABLE
ILLUMINATION PATTERN GENERATION**

which is described and claimed in:

- ☐ the attached specification or
- ☒ the specification in application
Serial No. 09/397,793
Filed: 9/17/99
(for declaration not accompanying application);

2. This application in part discloses and claims new subject matter as well as subject matter disclosed in an earlier-filed application(s).

This application is a continuation-in-part application of Application Serial No. 09/171,550, filed on October 26, 1998, corresponding to PCT International Application No. PCT/US97/08159, filed on April 24, 1997, which in turn is based on U.S. Provisional Application Serial No. 60/016,642, filed on April 25, 1996. Applicants hereby claim the priority of these prior applications pursuant to 35 U.S.C. §§ 119 and 120.

3. We acknowledge our duty to disclose information of which we are aware which is material to patentability in accordance with 37 C.F.R. §1.56, including such material information which occurred between the filing date of said earlier application and the filing date of this application.

4. We have reviewed and understand the contents of the specification, including the claims, as amended by any amendment specifically referred to herein.

5. As to the subject matter of this application which is common to said earlier application we do not know and do not believe that the same was ever known or used in the United States of America before our invention thereof or patented or described in any printed publication in any country before our invention thereof, or more than one year prior to said earlier application or in public use or on sale in the United States of America more than one year prior to said earlier application; said common subject matter has not been patented or made the subject of an inventor's certificate issued before the date of said earlier application in any country foreign to the United States of America on an application filed by us or our legal representatives or assigns more than twelve months prior to said earlier application. As to the subject matter of this application which is common to said earlier application, we hereby claim the priority benefits under 35 U.S.C. 119 of any application(s) for patent or inventor's certificate listed below. All applications for patent or inventor's certificate on this invention filed by us or our legal representatives or assigns prior to the application(s) of which priority is claimed as to the common subject matter are also identified below.
